REPORTS OF BOARDS AND COMMISSIONS OF THE UPPER SOUTH CAROLINA CONFERENCE

COMMITTEE ON BIBLE CAUSE

We your committee on Bible Cause offer the following:

We agree with Dr. H. B. Trimble when he says that "The great need of men today is personal touch with God, and that no where in all other literature do we get the close personal touch with God that we do in the Bible."

Therefore one of the great tasks of the church is to get the Bible into the hands of the people, and in their own language at home and in Mission fields. The agency through which the church is accomplishing this work is the American Bible Society.

We recommend the observance of Universal Bible Sunday, Dec. 8th, as is sponsored by the American Bible Society in order that through a simultaneous emphasis church going Christians may be reminded of the value of the Scripture may be encouraged to a more faithful use of the Book of Books. We also recommend that the poster sent out by the American Bible Society be displayed in the church where it can be carefully studied.

Respectfully submitted

W. F. GAULT, Chairman.

J. H. MONTGOMERY, Secretary.

REPORT OF THE BOARD OF CHRISTIAN LITERATURE

Your committee begs leave to report as follows:

Only a casual glance at the ordinary news stand will show that quite a bit of the reading matter there is of a very low quality. Yet this kind of literature is being read. It might be surprising by whom it is read. The probability is that many of our Sunday School pupils are more familiar with this type of literature than with our Sunday School periodicals.

We do not know the remedy for this evil. But may it not be found in the direction of making a determined effort to provide, for the same reading public, a thoroughly wholesome and more attractive reading matter? If possible, make the good so attractive that it will drive out the bad.

So far as our board is informed, it seems that all of our literature is on a high level. Certainly we urge a hearty support of both our General and Conference organs.

We very heartily approve the present plan of the Board of Managers of the Southern Christian Advocate and urge the preachers and presiding elders to help effectively put this plan into operation. We also call attention to the splendid service which might be rendered to our church by the use of the fine collection of tracts which is for free distribution by our publishing house.

We are glad to note that our publishing house is arranging for special notices during the year 1930, this being the seventy-fifth anniversary of the publishing house. We respectfully ask that the Board of Christian Literature be given an hour at the 1930 Annual Conference.

Your Board is charged with very little responsibility. It affords a channel through which the Conference Board of Finance directs its contribution to the Southern Christian Advocate. These payments have been properly made.

We recommend the same appropriation for the Southern Christian Advocate as heretofore, \$3,000.00.

J. G. HUGGIN, Secretary.

REPORT OF BOARD OF CHURCH EXTENSION

Report No. 1

The Board of Church Extension has had unusual demands for aid during the years 1927-28 and 1928-29. The Board has found itself limited in making donations as requested in applications. One application asks for a donation above the entire income of your Board.

The same thing is true of many applications to the General Board. Dr. Ellis says:

"We regret to have to report to you that the total income from assessments levied on the Annual Conferences for the year 1928-29 for the Board of Church Extension amounted to only \$119,028.86. This fund constitutes the donation fund. The Board makes donations in about forty Annual Conferences each year. You will note that this amounts to less than \$3,000.00 per Annual Conference before you deduct any amount for expense of administration. The amount we can donate within the bounds of each Annual Conference is so small that many churches have to be disappointed and donations have to be confined to those churches asking for small amounts."

The Board requests all applicants for donations and loans to use discretion in making out applications.

Every application was carefully considered and the following donations made.

REPORT OF COMMISSION ON INDUSTRY

At the end of five years we must re-evaluate the Program laid down in the beginning and which we have steadfastly followed. Your Secretary feels that the whole matter is open for restatement, approval or rejection.

The general drift of the Extension Program of Southern Methodism has been in the direction of ours. The Extension Secretaries in session interpret their program as follows: "The Extension Program contemplates the application of the principles of Christianity to the underlying problems of community life. . . The Extension Program is an integral part of the total program of Religious Education for an Annual Conference. One of our most important tasks is to lead the Conference staff and Sunday School Board to see the importance of making the Extension Program not a distinct program within itself, but a distinctive attack upon the problem of reaching in an effective way the hitherto neglected people for whom Methodism is responsible." For their Industrial Program they practically copied the Program of this Commission.

"Good Will" Program in the Field of Industry

"Good Will" is the first item of our Program.

Your Secretary has from the beginning seen clearly the gathering of sinister forces calculated to destroy the present relations of labor and capital out of which has come whatever development and progress we have attained. While we are not primarily interested in the personal fortunes of stockholders, incidentally the future of our people is wrapped up in the achievements of Industry and the hope of our children lies in "what we think of each other."

I could here call the names of men directing half the spindles of the Upper South Carolina Conference who have a higher appreciation of the polity, program and leadership of the Methodist Church since this Commission was organized. Some see through new eyes the value of our Church in "the whole area of community life." This is so pronounced in some instances that they have thrown on the Church a larger measure of community leadership than, in our judgment the Church is prepared to undertake.

Leadership Training Through the Sunday School Board

The Outstanding feature of our Conference, in the last three years, has been the awakening of our industrial peoples to the opportunities afforded through the Training Program of our Sunday School Board.

It is difficult to separate the marvelous stimulus in training from the accent placed on industrial areas through this Commission. The Cokesbury Course has been the instrument of God in this promotion. Glance through our minutes of 1925 in comparison with 1927. 1927 shows Pacolet Mills, 121, Green Street, Union, 100, Bethel, Union, 86, etc., where there was no training in 1925. Of the 960 credits given in the Spartanburg district, 567 were achieved by the cotton mill churches. In 1928 in the great district wide Training School in the Greenville district our cotton mill people received about half the credits given. So it has gone. The Secretary for Industry in every talk, in every place, before every possible group has for five years been a promoter of the Training Program of the Sunday School Board.

Evangelism

During the past five years the Upper South Carolina Conference has had a net gain of 2987. In 51 industrial charges there has been a gain of 3518. In Columbia district there has been a net gain of 1278 and of this number 1018 were gained in their five mill charges. These mill charges worked on a self supporting basis. The Spartanburg district shows a net gain in the same period of 336 members, yet there was a net gain of 1100 in our mill churches.

Missions

To those who have imagined our mill churches the heaviest load on the Board of Missions, the facts say that of the 62 charges receiving appropriations only 25 are mill charges, and to these were appropriated \$7,750 out of an assessment of \$22,000. Not only so, but our record is a challenge to the Conference. Last year 24 charges in the Greenville and Spartanburg districts paid assessments in full and of these 16 were cotton mill charges.

Church Extension

In the matter of church buildings your Secretary has made his contribution in trying to type the community church. I think it is no longer thought the proper thing to build a little wooden box church on just any lot. The building must clearly meet the needs of the community church.

These last years have been lean years in industry, therefore we have of necessity gone slower in the building program than we would have done in more prosperous times. Several buildings are promised us if conditions warrant in the next year. During the year the Inman Mills church has been dedicated. This splendid and entirely adequate building is due not only to the generous cooperation and supervision of the corporation but to the sacrificial leadership of the pastor. One of the most beautiful churches of our Conference is being built for us at Ninety-Six mills. This building alone will cost above \$40,000.

The buildings reworked and built in the five years could not be duplicated on the outside of industrial cooperation for less than \$400,000. In each of these projects the Commission has been nothing more than

cooperative; the full measure of credit belongs in each instance to the preacher in charge.

The Door is Open

Our Church has weathered the unrest of the months through which we have passed without loss of prestige anywhere. Where relations have been broken our preachers have magnified the trust imposed upon them.

When the mills were closed down our people out of their poverty continued the support of their pastors. Our Church is actually stronger at these points than before. If we are not proud of our preachers in the industrial area, then, in our thinking, we are lacking in the finer appreciations.

Your Secretary little dreamed five years ago that our Church would have so commanding a place in industry in so short a time. We can go just as far as we will to go. Your Secretary trusts that our efforts may be strengthened instead of diminished. To stop in this hour would be an unfriendly gesture and acclaimed as victory by those who find the Church a menace to their plans.

J. W. Speake, Secretary for Industry.

Your Commission on Industry begs leave to submit the above report of its Secretary for Industry to this Conference. We request the presiding Bishop to appoint Rev. J. W. Speake Secretary for Industry for another year.

P. F. KILGO, Chairman,
LEO D. GILLESPIE, Secretary.

REPORT NO. 1 OF THE BOARD OF EDUCATION

The reports submitted by the presidents of our colleges are most encouraging and seem to indicate the fact that the people of our state are beginning to realize the value of our church schools and to appreciate the great contribution they have made and are making to the progress of the state.

During the past year both of our colleges for girls have been engaged in an effort to secure endowment funds. So successful have they been that they are both in striking distance of the goal. Columbia reports \$221,619 endowment in cash and \$75,000 in subscription to be paid in sixteen months, and Lander reports \$120,249 in cash, \$231,751 in subscriptions and \$75,000 in legacies and wills. So the prospect seems bright for both colleges for meeting the endowment required for membership in the Southern Association.

On Oct. 18th and 19th Wofford celebrated her seventy-fifth birthday. It was a great occasion in every way and should mean much for the future progress of the college. The exercises were held in the splendid, new Andrews Field House, erected during the past year and made possible through the gift of \$20,000 by Mr. Isaac Andrews.

Doctor Snyder reports an increase of \$19,065 in the endowment and also the following gifts to the college for which we are grateful. Mr. William A. Law of the class of 1883 has made a generous gift to provide facilities for playing all outdoor games,—playing fields for tennis, baseball, track and football—and permanent steel seats for accommodating six thousand spectators. Mr. D. S. Murph of the class of 1900 has given \$200 to the Loan Fund in honor of his mother, Mrs. Euphrasia Ann Murph and Mrs. Cema Chreitzberg has contributed \$1,000 to the same fund. The college also received a legacy of \$1,000 from the estate of Mr. John B. Cleveland of the class of 1869.

In detail the reports are as follows:

Wofford College.—The number of students enrolled to date is 415. Last year the total enrollment was 454. There are 26 professors. The value of the property is \$745,892, with insurance carried amounting to \$350,000. The income of the college last year, exclusive of board and room rent, was \$93,454. There is an indebtedness of \$40,000 due to the erection of the Andrews Field House. Half of this is provided for by Mr. Andrews. There are Loan Funds amounting to \$84,376. The endowment is \$740,129. There are 45 ministerial students.

Columbia College.—Enrollment to date, 343. Total enrollment last year, 336. Number of professors, 25. Value of property is \$563,801 with insurance amounting to \$300,000. The income of the college last year, apart from board and room rent, was \$83,983. The indebtedness is given as \$105,000. The endowment is now \$221,619 paid in besides \$75,000 in subscription. There are 16 student volunteers. The Diamond Jubilee Endowment campaign conducted last February in the city of Columbia to secure \$125,000 for the endowment of the college was a great success, and in addition to the money secured made the college

many friends in the city, from every walk of life and representing every creed and church.

Lander College.—Number of students enrolled to date, 390 against a total enrollment last year of 372. There are 25 professors. The value of the property is \$378,472 on which insurance to the amount of \$208,400 is carried. The gross income last year, including board and room rent, was \$105,623. The indebtedness is \$116,619. There is a Loan Fund of \$8,021. There are 3 student volunteers.

Doctor Bennett reports a paid endowment of \$120,249 with additional subscriptions amounting to \$231,751 and legacies and wills to the amount of \$75,000. Property aggregating forty-five acres of land adjoining the campus has been purchased. A number of new courses have been added to the curriculum and the faculty has been strengthened.

Carlisle School.—The enrollment to date this year is 75. Last year the total enrollment was 73. There are seven professors. The value of the property is \$173,800. There is no endowment. The gross income last year was \$26,006. The indebtedness is given as \$45,000.

REPORT NO. 2 OF THE BOARD OF EDUCATION

Miss Will Lou Gray of the State Department of Education appeared before your Board and outlined a plan to help in the removal of the blot of illiteracy from our state to be inaugurated next year just before the taking of the census.

Your Board recommends that the forces of the Church join hands with the State Department of Education during this campaign next January, February and March for the elimination of this blot on our civic and religious life, to the end that every South Carolinian may be able to read God's Word and thus know the truth which shall set him free.

We recommend that Education Day be observed in every church and that the third Sunday in June, or as near thereto as possible, be the Sunday of its observance.

We urge that each Sunday school in our Conference set aside one Sunday each month as Orphanage Sunday and the offering be given to Epworth Orphanage and also that each presiding elder be requested

to inquire at each quarterly conference as to the amount contributed to the Orphanage and include this item in his bulletins.

Your Board nominates George D. Lott as a trustee of Columbia College in place of B. Frank Dent, deceased; and Mrs. Mittie F. Collins as a trustee of Lander College in place of Mrs. Bessie McCalla, deceased.

We nominate T. W. Munnerlyn to preach the sermon before the undergraduates at the next conference with O. A. Jeffcoat as alternate.

We respectfully request the Bishop to make the following appointments:

A. M. Traxick and C. C. Norton, professors in Wofford College; R. H. Bennett, president of Lander College; J. P. Patton, professor in Lander College; R. O. Lawton, professor in Columbia College; J. C. Roper, Conference Secretary of Education; H. W. Sanders, student at Temple University, Philadelphia; A. C. Holler, student at Duke University.

Your Board requests the Commission on Budget to make the following assessments for the interests committed to our care:

Wofford College	\$9,250
Columbia College	6,000
Lander College	6,000
Carlisle School	3,000
Pastors School	750
Expenses of Board	150

REPORT OF THE EPWORTH LEAGUE BOARD

Progress in the League work has been fairly satisfactory this year. We have four less chapters this year than was reported last year. The work in the leagues has been good. The report of the Conference President shows 322 chapters including Epworth Junior Societies with more than six thousand leaguers.

The Lander Assembly.—Though not quite as large this year, numerically, as it has been some years in the past, your Board is highly gratified with the high spiritual level it attained, the type of delegates and their attitude toward the Assembly.

The Hi Camp.—The Hi Camp held at Rocky Bottom, Pickens County, has ceased to be a venture. It has proved its worth and justified the Board's faith in the venture. It has been a success in every respect, financially as well as otherwise.

Rev. H. O. Chambers has served this year in the double capacity of Conference President and Field Secretary. This has very naturally added burdens to his already heavy responsibilities as a pastor. He has received no remuneration for this service whatever. And for this magnificent service the Board wishes to express its hearty thanks.

The Epworth League Board is deeply desirous of discharging its full responsibilities and obligations to the oncoming generation which stands upon the threshold of the Church asking for a part in this mighty battle in which she is engaged and from which there is no discharge. To this end we pray God's richest blessings upon all those responsible for the success of the League work from the General Secretary and the Church at large to the local work in the weakest Church.

The Board urges all who are interested in the League work, and who will, to join in the covenant prayer for the General Conference which meets in May 1930 at Dallas, Texas.

The Board wishes to express its deepest gratitude to all who have helped to make the work a success this year.

It urges all pastors to observe Anniversary Day on the fourth Sunday in March and give each congregation an opportunity to contribute to this important work of the Church.

W. L. MULLIKIN, President.

J. E. BROWN, Secretary.

EPWORTH ORPHANAGE REPORT

To the Board of Managers of Epworth Orphanage.

Dear Brethren: I herewith submit my report as Superintendent of Epworth Orphanage for the Conference year 1928-1929.

The year just ending has been a fairly successful one with Epworth Orphanage even though we have had a good many difficulties to face. We have never had so many applicants for admission to the orphanage in any one year. Profound sorrow was brought to our hearts through the necessity of having to reject so many worthy children on account of lack of room.

The Spiritual Life. Careful attention has been given to the spiritual life of our children. The Bible is read and taught in our day school. We have a well organized departmental Sunday school. On the last occasion of administering the Sacrament of the Lord's Supper, 212 of our children partook of the sacrament. Practically every child who is old enough is a member of our church.

The Health. The health of the entire orphanage has been exceptionally good throughout the year. We have had fewer days of sickness than in any previous year.

One death occurred during the year. Little Nancy Covington fell from a swing and fractured her skull. She died shortly afterward. Her death brought deep grief to our family because Nancy was loved by us all.

Our School. Our school is in excellent condition under the efficient management of Mr. W. B. Carnes as principal. The school is doing a very high type of work. Our faculty is composed of those whose hearts are really in the work. They love children and take interest in helping them with all their problems.

Each year has witnessed an increase in the enrollment of our high school. Last year we reported 72. This year we have 89. Our boys and

girls are remaining at the Orphanage to secure a high school education.

Last June we graduated 10 from our high school as follows: Crawford, Sarah; Crosby, Virginia; Drummond, Agnes; Hill, John Lawrence; Patrick, Mary; Richardson, Henry Samuel; Thompson, Elizabeth; Tyler, Annie; White, Elizabeth; Wood, Dorothy.

The College Students. At present there are 16 of our boys and girls in the colleges of the state. They are doing well—above the average.

At Columbia College, Iva Smith repeated her performance of the Freshman year in making the highest average in her class and was awarded a scholarship by the trustees.

The Print Shop. Eight of our boys are receiving careful instruction in the art of printing in our well equipped shop. We have enjoyed the most liberal patronage of our printing department that we have ever had. And of course the profits have been greater. Year by year more of our preachers and church officials are giving us their work. Promptness and good quality in all work is characteristic of this department.

The Farm. We have just harvested our first crop from our new farm of 375 acres, 6½ miles in the country. Even though the weather conditions were not very favorable we have harvested some 3,000 bushels of corn, 1500 bushels of oats, 50 tons of hay, 175 tons of ensilage, 350 bushels of peas, 1700 bushels of sweet potatoes and vegetables in abundance throughout the entire year. We now have growing English peas, lettuce, cabbage, collards, turnips, mustard, beets and spinach.

Our boys take a great deal of interest in the big farm. They have a great job in carrying on the operations out there, but they assume the responsibility in a very fine manner.

The Dairy. The dairy herd has been productive this year, though not quite up to standard. We are about to complete our new dairy barn on the farm. Meanwhile we are caring for the herd in a temporary barn.

The Hogs. We have had better results with our hogs this year than ever before. We have provided ample pasturage and have raised a larger number and they are in better condition than usual.

The poultry. Our flock of White Leghorns is in good condition, too, and are producing well.

Support. The same old cry! The greatest need at Epworth Orphanage is a more general support from our churches and Sunday schools. The first months in the year were indeed lean. In June we issued an appeal for a "Catch Up" offering, and many of our folk responded to the appeal with the result that we not only nearly caught up, but during the other months the contributions held up better.

Our Work Day was more generally observed this year and many of our congregations were especially liberal. As a result the Work Day offering this year was a little more than \$5,000 in excess of last year's. This splendid effort on the part of our people has relieved our recent embarrassment, but it should be borne in mind that we have very little reserve for the coming months. Consequently, we are relying upon the monthly support from our churches and Sunday schools for the money with which to carry on the work we are undertaking to do for our large family of orphans at Epworth Orphanage.

The Epworth League Board is deeply desirous of discharging its full responsibilities and obligations to the oncoming generation which stands upon the threshold of the Church asking for a part in this mighty battle in which she is engaged and from which there is no discharge. To this end we pray God's richest blessings upon all those responsible for the success of the League work from the General Secretary and the Church at large to the local work in the weakest Church.

The Board urges all who are interested in the League work, and who will, to join in the covenant prayer for the General Conference which meets in May 1930 at Dallas, Texas.

The Board wishes to express its deepest gratitude to all who have helped to make the work a success this year.

It urges all pastors to observe Anniversary Day on the fourth Sunday in March and give each congregation an opportunity to contribute to this important work of the Church.

Profound sorrow was brought to our hearts through the necessity of having to reject so many worthy children on account of lack of room.

The Spiritual Life. Careful attention has been given to the spiritual life of our children. The Bible is read and taught in our day school. We have a well organized departmental Sunday school. On the last occasion of administering the Sacrament of the Lord's Supper, 212 of our children partook of the sacrament. Practically every child who is old enough is a member of our church.

The Health. The health of the entire orphanage has been exceptionally good throughout the year. We have had fewer days of sickness than in any previous year.

One death occurred during the year. Little Nancy Covington fell from a swing and fractured her skull. She died shortly afterward. Her death brought deep grief to our family because Nancy was loved by us all.

Our School. Our school is in excellent condition under the efficient management of Mr. W. B. Carnes as principal. The school is doing a very high type of work. Our faculty is composed of those whose hearts are really in the work. They love children and take interest in helping them with all their problems.

Each year has witnessed an increase in the enrollment of our high school. Last year we reported 72. This year we have 89. Our boys and

girls are remaining at the Orphanage to secure a high school education.

Last June we graduated 10 from our high school as follows: Crawford, Sarah; Crosby, Virginia; Drummond, Agnes; Hill, John Lawrence; Patrick, Mary; Richardson, Henry Samuel; Thompson, Elizabeth; Tyler, Annie; White, Elizabeth; Wood, Dorothy.

The College Students. At present there are 16 of our boys and girls in the colleges of the state. They are doing well—above the average.

At Columbia College, Iva Smith repeated her performance of the Freshman year in making the highest average in her class and was awarded a scholarship by the trustees.

The Print Shop. Eight of our boys are receiving careful instruction in the art of printing in our well equipped shop. We have enjoyed the most liberal patronage of our printing department that we have ever had. And of course the profits have been greater. Year by year more of our preachers and church officials are giving us their work. Promptness and good quality in all work is characteristic of this department.

The Farm. We have just harvested our first crop from our new farm of 375 acres, 6½ miles in the country. Even though the weather conditions were not very favorable we have harvested some 3,000 bushels of corn, 1500 bushels of oats, 50 tons of hay, 175 tons of ensilage, 350 bushels of peas, 1700 bushels of sweet potatoes and vegetables in abundance throughout the entire year. We now have growing English peas, lettuce, cabbage, collards, turnips, mustard, beets and spinach.

Our boys take a great deal of interest in the big farm. They have a great job in carrying on the operations out there, but they assume the responsibility in a very fine manner.

The Dairy. The dairy herd has been productive this year, though not quite up to standard. We are about to complete our new dairy barn on the farm. Meanwhile we are caring for the herd in a temporary barn.

The Hogs. We have had better results with our hogs this year than ever before. We have provided ample pasturage and have raised a larger number and they are in better condition than usual.

The poultry. Our flock of White Leghorns is in good condition, too, and are producing well.

Support. The same old cry! The greatest need at Epworth Orphanage is a more general support from our churches and Sunday schools. The first months in the year were indeed lean. In June we issued an appeal for a "Catch Up" offering, and many of our folk responded to the appeal with the result that we not only nearly caught up, but during the other months the contributions held up better.

Our Work Day was more generally observed this year and many of our congregations were especially liberal. As a result the Work Day offering this year was a little more than \$5,000 in excess of last year's. This splendid effort on the part of our people has relieved our recent embarrassment, but it should be borne in mind that we have very little reserve for the coming months. Consequently, we are relying upon the monthly support from our churches and Sunday schools for the money with which to carry on the work we are undertaking to do for our large family of orphans at Epworth Orphanage.

We urge upon our pastors the great need of regular support from all of our congregations. In using your influence to get support from the Orphanage from all of our congregations you will be doing an invaluable service to those who need your help. We are profoundly grateful to you for the faithful service you have rendered in the past, but we beg of you that you keep the interest of the children at Epworth Orphanage before your people throughout the coming year.

We are deeply grateful to our Heavenly Father for His blessings during the past year, and we pray for His guidance for the future.

Respectfully submitted,

W. D. ROBERTS, Superintendent.

REPORT OF HOSPITAL BOARD

Our conference has heard with joy Dr. W. T. Hunnicut of the valuable service being rendered to suffering humanity by the hospitals of our church, which treated last year more than thirty-two thousand patients and gave four hundred thousand dollars worth of free service.

The hospitals owned by our church are valued at nearly ten millions of dollars, which have been accumulated in the last twenty years. The church put into these institutions last year one and one-half million dollars.

Your board reports a very gratifying increase in the amount of money received by our Conference this year from the Golden Cross enrollment.

We request the appointment of Rev. D. E. Camak as Director of Golden Cross.

We recommend: That Southern Methodist Hospital and Sanitarium of Tucson, Arizona, be made the beneficiary of the Golden Cross funds of the Conference.

Signed:

D. D. JONES, Secretary.

REPORT OF THE BOARD OF LAY ACTIVITIES

To the President and Members of the Upper South Carolina Conference in session at Columbia, S. C.

Dear Brethren:

We submit our report as follows:

The work of our Board has gone steadily forward during the past year in spite of obstacles and many difficulties. There has been a steady growth in interest and efficiency and the achievements have

been real. The situation is one to offer encouragement to face our problems with new determination to succeed, not minimizing our difficulties but magnifying our task and opportunity.

The Benevolences

The Benevolences of the Church are one of the expressions and indexes of our Christian life in general and stewardship in particular. They constitute a vital part of our great Church work. The money secured from the payment of these claims is absolutely necessary for carrying on the work of our Church. The opportunity of making contributions to our Benevolences enables the rank and file of our Church membership to make an offering in an unselfish and satisfying way to the support of those institutions which minister to humanity and spread the gospel of Christ.

With reference to the Benevolences we recommend the following:

1. That every possible effort be continued to educate our people with reference to these sacred causes.
2. That no pains or thought be spared to secure an equitable distribution of the assessments to the several charges in the districts.
3. That an every member canvass be conducted as soon as practicable after the session of the conference to secure the assessments in full by cash and subscriptions.
4. That no less than one half of the assessments paid by the session of the districts conferences be set as the goal for the year.
5. That unusual effort be made at the close of the conference year to secure one hundred percent payment from those charges that are in arrears.

Christian Stewardship

The stewardship of life comprehends the dedication to God of all of one's powers and possessions, including material possessions. Your Board of Lay Activities is committed to the inculcation of this vital Christian principle in the hearts and lives of the members of our Churches. Commendable progress has been made in stewardship education through the Pastor's School, Standard Training Schools and the distribution of stewardship literature. We recommend the following for the current year:

1. The stewardship course in the Pastors' School.
2. The stewardship course in as many Standard Training Schools as possible.
3. The use of the stewardship course as an elective for organized classes in our Sunday schools wherever practicable.
4. Frequent sermons on stewardship by our pastors.
5. The use of stewardship literature in our congregations.
6. Stewardship revivals.

Laymen's Course in Bible and Service

We desire to call special attention to the Course of Laymen in Bible and Christian Service jointly promoted by the Board of Lay Activities and the Sunday School Board. This course offers an unusual opportunity for cooperation of the two boards in subjects that will be very profitable to all our laymen.

Laymen's Day

We recommend the observance of June 8, 1930, as "Laymen's Day", on which a suitable program may be rendered by laymen on the general theme, "A man and his Church."

Organization

We respectfully request our presiding elders and pastors to give us every possible assistance in the selection of strong, competent men as lay leaders and initiative in training and inspiring them for their several tasks. More and more the laymen are showing a willingness to work when properly led and instructed.

The Methodist Layman

The Methodist Layman is the outstanding medium of communication of the Board of Lay Activities to its constituency, an agency of inspiration and information. Consequently we strongly urge its circulation, especially among those charged with special responsibility in the lay organization.

Evangelism

No greater need faces our Church today than personal evangelism. This means getting back to the principles and practices of the early Church. We urge that all laymen, especially during 1930, the nineteenth centennial of Pentecost, by prayer, sacrificial giving, and personal work week in an unusual way to "seek and save the lost." Surely there is no greater need in our church than this.

Conference Lay Leader

We nominate A. C. Summers of Columbia for Conference Lay Leader for the ensuing year.

Respectfully submitted,

J. C. HARDIN, Secretary.

3. A memorial to continue the effort to raise the \$10,000,000 endowment for the superannuated preachers. We recommend concurrence.

C. C. HERBERT, Secretary, for Committee.

Memorial from the Upper South Carolina Conference to the General Conference, Dallas, Texas, May 1930.

The Upper South Carolina Conference, assembled at Columbia, S. C., November 20, 1929, respectfully memorializes the General Conference to take action looking to the endorsement of the plans of President Hoover in the interests of international peace.

To the General Conference of the Methodist Episcopal Church, South. Assembled.

The Board of Finance of the Upper South Carolina Conference respectfully memorializes your honorable Body to continue the effort to raise the Ten Million Dollars as Superannuate Endowment through the next quadrennium.

L. P. McGee, President.
T. W. Munnerlyn, Secty. & Treas.

"C"

Memorial of the Upper South Carolina Conference Concerning the Distribution of Special Missionary Funds.

Whereas the Book of Discipline of 1926, paragraph 467, provides for a special missionary campaign and the taking of a free-will offering for missions in every church during the months of January and February of each year,

And whereas the said paragraph provides that all funds so raised shall be directed to the Board of Missions, Section of General Work,

And whereas, further, all executive officers and employees of the General Board, and all missionaries on foreign fields receive their sal-

aries in full; while Conference missionaries, serving charges too weak to provide for their full support, are promised small appropriations by the Conference Board of Missions, but rarely receive the amount promised in full, due to failure to collect the Budget Assessments, thus working a serious handicap an inequity upon the very men largely responsible for the success of this annual Missionary Special,

Therefore, the Upper South Carolina Conference, assembled in annual session at Columbia, S. C., November 20, 1929, respectfully, but earnestly, memorializes the General Conference of the Methodist Episcopal Church, South, meeting in Dallas, Texas, during the month of May 1930, to make the following change in the plan of disposition of the proceeds of the special missionary campaign,

If this Special Campaign is continued after this quadrennium, change the proviso with which paragraph 467, Discipline 1926, closes, which reads as follows: "Provided, that all moneys so raised shall be directed to the Board of Missions, Section of General Work," so that it shall hereafter read, "Provided, that sixty per cent (60%) of all moneys so raised shall be directed to the Board of Missions, Section of General Work; and the remaining forty per cent (40%) of all moneys so raised shall be turned over to the Conference Board of Missions to be used for the sole purpose of paying Conference missionaries in full the appropriations promised them by the said Conference Board."

We present this memorial for the following two reasons:

- (1) Because justice and equity to men who are working faithfully under conditions of great hardship and deprivation demand it, and,
- (2) Because we believe that such a division of the proceeds of the special missionary campaign will make for the greater popularity of this cause. A more liberal response will therefore be made on the part of our people to this call, so that the General Board will be affected but little, if any, by this change; while at the same time the Conference Board will be strengthened and enabled to take better care of the Conference missionaries.

J. R. T. Major,
J. F. Lupo,
J. E. Brown.

REPORT NO. 1 OF THE CONFERENCE BOARD OF MISSIONS

Dear Fathers and Brethren:

Your Board of Missions desires to report upon the larger aspects of Missions before entering upon a consideration of our own conference missionary work.

The coming year marks the close of the first quadrennium of the new missionary policy of our Church, which provides for an intensive period of cultivation in January and February and a free-will missionary offering. The results of this policy are well known. It freed our Church of a crushing burden of debt. It stopped the annual deficits in our missionary budget. It enabled us to send out a corps of new missionaries to fill up the ranks which had been depleted. It saved our missionary work in the hour of seeming disaster. At the same time it has stimulated the missionary spirit and increased the missionary knowledge of the Church in a remarkable degree. During the quadrennium we will have placed more than 400,000 missionary books in the homes of our people, who do not, we fear, buy many religious volumes; this record is unapproached by any other denomination in the nation and will surely result in a deepening of spiritual life. The same could be said of the work of the district missionary institute, the schools of missions, and other features of the new policy.

This policy has advanced the kingdom of the Lord throughout the world and we are ready to gird our loins again in the supreme endeavor.

Your Board of Missions therefore proposes the following resolutions for your consideration and adoption:

1. We are profoundly grateful to God for the success of the missionary cultivation movement during the past three years, and we congratulate and thank the presiding elders, pastors, and people whose self-sacrificing work made such success possible.

2. We pledge our hearty support to the movement during the coming year, pledging ourselves to work heartily for the success of the study period and to endeavor to raise the full share of our conference assessment in the free-will offering.

3. We respectfully ask our presiding elders to hold their missionary institutes, provided for in the Discipline, early in January, to make them wholly and distinctly missionary, and to name the exact dates and places for these institutes before the adjournment of this conference.

Respectfully submitted,

J. W. SPEAKE, Vice-President.
O. M. ABNEY, Secretary.

REPORT NO. 2 BOARD OF MISSIONS

Your Board of Missions makes the following report and recommendations:

Received on assessment for Foreign Missions, \$12,929; for Home and Conference Missions, \$14,604; and raised by the Conference for Missionary specials and maintenance about \$24,000. The amount raised for Conference Missions pays the Conference Missionaries 58% of the assessment levied. We recommend these men for their faithful labors. They report 969 received into the church on professions of faith and \$10,633 paid on their salaries by the industrial plants served for which the Conference is grateful.

We ask that quarterly reports for 1930 be made by Mission charges as follows: Feb. 1, May 1, August 1, and at the session of the Conference. The books of the treasurer of the Board have been audited and found accurately kept.

We nominate J. W. Speake and Jno. B. Humbert for membership on the General Board of Missions.

The presence of Dr. J. W. Perry, of the General Board was appreciated and his message received with profit.

We recommend the appointment of Dr. R. E. Stackhouse as Conference Missionary Secretary.

We urge a wider circulation of the "Missionary Voice" and the distribution of missionary literature so that our people may become better informed on this subject.

We recommend that the name of Dr. E. P. Taylor be placed on the list of approved evangelists as we appreciate the fine spirit in which he does his work.

Respectfully submitted,

J. W. SPEAKE, Vice-President.
O. M. ABNEY, Secretary.

REPORT OF BOARD OF MANAGERS OF PASTORS' SCHOOL

The sixth session of the Pastors' School for the South Carolina and Upper South Carolina Conferences was held at Columbia College June 24-July 5, 1929. We had a strong faculty, and a splendid attendance.

Your Board makes the following recommendations:

1. That the pastors be authorized and urged to leave their churches for the purpose of attending the school, and that the laymen take charge of the services in the churches while the pastors are away.
2. That we request our layment to make it financially possible for their pastors to attend the school.
3. That we request each Conference to give \$750.00 to the school, and to have all funds for the school in the hands of the treasurer before the annual session of the school.

COMMITTEE ON SOUTHERN ASSEMBLY

Report of Committee to consider the proposition from the Southern Assembly.

We recommend the following:

The Upper S. C. Conference approves the general plan whereby the ownership and control of the Southern Assembly is to be transferred to the Conferences east of the Mississippi River, but recommends that at this time a special committee be appointed to look into the details of the plan and report to the next session of the Conference for final action.

We nominate to serve on this committee, B. W. Crouch, A. E. Holler, and J. C. Smith.

R. E. STACKHOUSE.
H. N. SNYDER.
C. C. HERBERT.

REPORT OF THE BOARD OF MANAGERS OF THE SOUTHERN CHRISTIAN ADVOCATE

Your Board has met twice in regular and once in special session during the year and has carefully looked after all the interests of the Southern Christian Advocate committed to them.

We are glad to state that the paper continues to hold its high place among our Conference organs and to hold the favor of our people. During the year, owing we think largely to the removal of incentive through placing the subscription at a flat price of \$1.50, the campaign for the larger goal of another doubling of the subscription list has not been pressed with the vigor and success we hoped, and due to various assigned causes there is a large number of outstanding unrenowned subscriptions for longer and shorter periods than there should be. Assurance was given the Business Manager from time to time that these expiring subscriptions would be looked after and request made that subscribers expiring be not cut off. There is reason to hope and believe that fulfilling these assurances and requests with which the management complied renewal of by far the greater number of these expired subscriptions will be secured. The circulation as of date of November 1, 1929, was 11,281, 3,642 of which have not been paid for or definitely charged to any account. About 1,000 of these have only just expired, but the others have been carried for periods ranging from three months upward. This led the Board to take definite action for return to the circulation plans of 1928, and to instruct the management to carry no subscriptions after February 1, 1930, for a longer period than three months without authorization. The plans will be fully stated toward the conclusion of this report.

Detailed financial statements are herewith attached for the information of the Board of Christian Literature from which reports it will be seen that the Income from all sources from November 1, 1928 to November 1, 1929, was \$22,530.31 and the total of all expenditures for the same period \$22,860.47, showing an expenditure of \$330.16 for the year beyond actual receipts during that time. Renewal and payment of carried over subscriptions and balance of conference appropriation should more than meet this deficit.

Circulation Plan For 1930

Following is the Circulation Plan for 1930 adopted by the Board subject to approval of the Conferences:

1. That the Advocate management return for 1930 to the Circulation plans used during 1928, under which plans the circulation of the

Advocate was practically doubled during the spring months of that year.

Briefly stated, the plan as adopted for 1930 is:

a. That an aggressive campaign for increased circulation of the Advocate be carried forward during 1930, the quota for each charge being 10% of membership reported at the preceding session of the Annual Conference with a minimum goal of 14,000 subscribers.

b. That the price of the paper to individual subscribers be strictly \$2.00 per annum; that where there are ten subscribers from any one church the price for that Church be \$1.75; and that where a quota of 10% of the membership reported to the preceding Annual Conference is reached, or where the Church or Charge assumes responsibility for that number, paying for the same in advance, the price shall be \$1.50.

c. That all the Boards and agencies of the two Conferences, together with the Presiding Elders, Pastors and Laymen, be brought into full and cordial sympathy with and support of this movement to reach the goal of 14,000 subscribers during 1930.

d. That until February 1, 1930, renewals and new subscriptions will be received at the \$1.50 rate that has prevailed during 1929; that February 1, 1930, be fixed as date for further carrying forward an aggressive campaign for subscriptions until every charge has reached full quota; and that beginning February 1, 1930, subscriptions be not carried without authorization for renewal more than three months beyond date of expiration.

e. That the Advocate continue being sent free to all clerical members of the two Conferences and to the widows of deceased clerical members.

2. The Board requests that each of the two Conferences make an appropriation of \$4,000 for the Southern Christian Advocate.

Respectfully submitted,

PETER STOKES, Chairman.

J. M. Ariail, Secretary.

REPORT OF THE SPIRITUAL STATE OF THE CHURCH UPPER SOUTH CAROLINA CONFERENCE

Your Committee appointed to consider the spiritual state of the church respectfully reports:

We can not too often remind ourselves that Methodism was raised up for the one purpose of putting the primary emphasis on experimental religion. Bishop McTyeire's oft quoted statement is quite to the point:

"It was not new doctrine but new life the first Methodist sought for themselves and others. To realize in the hearts and conduct of men the true ideal of Christianity, to maintain its personal experience and to extend it—this was their design: and their system of government grew out of this and was shaped by it."

Citations could be multiplied from the writings of our great founder to show that Mr. Wesley himself had but one end in view—the spread of scriptural holiness over the nations. To bring about this result the

preaching of the early Methodists was limited almost wholly to the great Bible doctrines that have to do with personal experience, and with this single track program the glory of Methodism through many years was her triumph in winning multitudes of sinners to the Christian way of life. But evidences multiply that in recent years, ours, in common with other evangelical bodies, has lost much of the glow of personal experience and the passion for saving the lost that once characterized us.

Your committee's investigation of the subject leads to two conclusions—first, that the primary need of the church today is power; and second, that we can not have this power until the emphasis is shifted back to reliance on the Holy Spirit as the only source of spiritual life for the individual, and passion for winning others to Christ.

There is enough wealth, knowledge, culture, talent, technique, and machinery already in the church to speedily take the world for Christ, provided we had the dynamic to release all these potential assets and turn them into the creative enterprises of the Kingdom. Power is not to be had by the refinement of machinery. In our zeal for church efficiency, we have developed the church into a system of social, educational and missionary agencies. But in so doing we have lost much of that spiritual dynamic which was the outstanding characteristic of the Apostolic Church and of early Methodism. We have been much absorbed in seeking better methods of doing the Lord's work. But nobody ever becomes passionately devoted to a machine, and no program is capable of compelling a sustained devotion. Back of every program and every technique is the primal requirement that men be passionately devoted to Jesus Christ. And that is possible only to men who have personal experience of Christ's saving and transforming power. Doctrines, creeds, programs, agencies—these all have power only as they make Christ real in experience and life. Let us be sure that no preachments on tithing and no manipulations of statistics, nothing but the passionate love of regenerated men and women for Christ and the passionate yearning for the salvation of sinners, that is begotten only by the Spirit of God, can bring again that Christian stewardship that will revolutionize the world.

That this evangelistic passion, which is the highest test of changed hearts and the outstanding mark of the Spirit's presence, is now at low ebb in the church is not matter of guess. Within the year, Dr. H. C. Weber has published a study of the evangelistic index of several of our larger American Churches. The ratio of the number of members received into a church on confession of faith in a given year to the entire church membership may be regarded as a fairly accurate measure of that church's evangelistic productivity.

Unfortunately the record of our own Church is not available, for the reason that our General Minutes have never reported the number of new members. But the study shows that since records have been kept, the index of the Methodist Episcopal Church has reached as high as 15.5, and in many years has climbed to 13 and 14, compared with only 4.6 in 1928. The Northern Presbyterian Church has added new members in the

ratio of 15.7 in a year, compared with 4.6 in 1927. The Southern Presbyterians fell to 4.4 in 1928, while the Northern Baptists added only 4.7 and the Southern Baptists 5.3 in 1927. The average of all the Churches over a term of years has been only 5.6, while census compilations show that they would have to average at least five per cent of new members to keep pace with the natural increase in population. This means that in recent years the Churches have barely held their own.

By way of further showing the spiritual power of early Methodism, it may be mentioned that in the forty year period from 1800 to 1840, the Methodists of the United States, numbering only 63,000 in 1800, had an average annual net increase of more than 17,000, whereas in 1928, 2,600,000 Southern Methodists made a net increase of less than 12,000 in the home Conferences. Starting at the division in 1844 with 450,000 members, in the one year of 1853 our branch of Methodism gathered 43,388 new members, and in fifteen years between 1845 and 1860, we had an average net increase in membership of 12,000, or just about the gain it took two and a half millions of us to make last year.

It is not surprising that Dr. Weber's study shows that the evangelistic index of all the Churches has always run low in time of war and in periods of controversy, whether between religion and science, or over industrial issues that have arrayed class against class. Nor is it surprising to learn that evangelistic success has reached its highest peaks in periods of intense revival activity, as in 1832, 1843 and 1857, and with the rise of wide spread youth movements, such as the Christian Endeavor, Epworth League, Baptist Young People's Union and others.

In view of these and other facts that could be cited, your committee believes that the time has come to sound a call for getting back to the emphasis on the fundamental things Methodism was raised up to promote. Unless this is done, and done speedily, there is danger that the triumphs that have been our glory as a Church may become only a fading memory.

And what more fitting time to call the Church back to its supreme task than now, when all the great Communions of the world are preparing to observe next year as the nineteen hundredth anniversary of Pentecost? The supreme need of the hour is not more machinery or better methods, but by the surrender of the individual soul, waiting before God until the coming of the Holy Spirit is once more a reality in each individual life.

It is recorded of the first Pentecost that "When this sound was heard"—that is the happenings to the experiences and speech and lives of the church people in the upper room—"the multitude came together greatly wondering." The miracle of a transfigured church immediately arrested the heedless multitudes and they moved toward the church like water swayed by the moon. And so today, the surest and quickest way to make a better world is to make a better church. If once more the gracious miracle of a Spirit-filled, unworldly, transfigured church could become the talk of the town, once more would this supernatural, mesmeric influence, sweeping through our streets and country ways

bring the indifferent multitudes together—"greatly wondering," and conversions would be witnessed on the Pentecostal scale.

Your committee would recommend:

First—That the customary interests and activities of the church, some of which can not and ought not to be suspended, be for the time given a secondary place. Our single track minds can not give too many things primary consideration at the same time, and new buildings and debt paying, reorganization and social service programs, world reform and even schemes of religious education, may well be held subordinate at this time to a united search for a better knowledge of God, a truer, more profound and inclusive likeness to Jesus Christ.

Second—We urge our preachers to give themselves to such preaching of the great verities of Christian experience as will concentrate the thought of our people upon the significance of Pentecost for our own day—a rediscovery of spiritual values, a rededication to the Christian way of life, a permanent fixing in individual consciousness of such a sense of God as will lead to an enlargement of life by including all phases of human activity within the sweep of its interest. Then will follow that enrichment of spiritual life which brings into it the peace, the joy, the purity and the power, which the New Testament holds out as the privilege of every life 'hid with Christ in God.'

Third—While not undertaking to assess the comparative value of the various methods of evangelism—the revival, pastoral, seasonal, educational and every member visitation—we believe that each can be used to bring to Christ people that can not be reached by the others, and we urge our pastors to use in its proper place every method known, until not one soul for which we are responsible can say, "No man cared for my soul." Touching the method of lay visitation evangelism, we urge on our preachers that as they have learned to organize their people for the every member canvass for money, so they organize them in an every member canvass to bring men to Christ.

Fourth—We recommend that beginning with the new year, we set ourselves by all worthy methods to promote a campaign of better church attendance. It was when the believers "were all with one accord in one place" that the Spirit came at that first Pentecost, and it is our conviction that few things are so hindering the church today as the lax church going habits of our people.

Fifth—Recognizing that the home is the primal institution of society, that it always has been and must forever continue to be the chief agency for the propagation of religion, as of everything else affecting the welfare and destiny of individuals and nations, we call upon all our people to make the home more definitely and positively religious, by living there the principles we profess, by restoring the now generally neglected family altar, and by taking steps to safeguard our children and youth against the perils to which our day peculiarly exposes them.

Sixth—Believing that the season preceding Easter, with its preemption more than any other weeks of the year, from the business cares and the dissipations and frivolities of the world, the hallowed associations that cluster about it, together with the knowledge that so many other people are moving at the same time to the same end, to be especially favorable

for the Christian appeal, we urge pastors to organize campaigns of evangelism to culminate at Easter.

Seventh—We especially urge our preachers to make the weeks between Easter and June eight, on which the anniversary of Pentecost falls, occasions for much preaching on the doctrine of the Holy Spirit. We have too long given over to specialists and faddists and fanatics one of the most precious and important doctrines of our religion. The application of the great truths grouped under the Deity and work of the Holy Spirit to individual life and to the life of society is truly revolutionizing.

Eighth—Seeing how war is the arch foe of spiritual life generally, and how ingathering by the churches has always reached its lowest point in times of war, we urge our people to pray and work without ceasing for World Peace and the complete abolition of war as an instrument of civilization. Seeing the blight also of theological controversy and industrial strife on the effort of the church to mediate the Gospel to lost men, we urge that as the first Pentecost came only when the disciples were of "one accord" as well as in "one place," so in seeking its renewal, let all our people strive "to keep the unity of the spirit in the bond of peace."

Ninth—We insist that all the educational work of the church be made more definitely Christian. We call upon our colleges and universities to be more diligent than ever in offering values in character building that can not be had in institutions not under church control. And we call upon our Sunday school leaders to stress the evangelical in all our approaches to the young rather than a finished piece of technique in the art of imparting instruction.

R. E. STACKHOUSE, for the Committee.

REPORT NO. 1 SUNDAY SCHOOL BOARD

Your Board, we believe, has made splendid progress this Conference year. Our staff of workers has had many hindrances and interruptions, but amidst them all the showing made is one of steady progress.

The task entrusted to us is fundamentally educational evangelism. A type of evangelism that is necessarily less dramatic, and seemingly of slower progress, than other phases of the same effort, but of equal importance, undergirding and sustaining all types of service entered into by the church. It is primarily a teaching mission, launched upon the assumption that religion can be taught and that the Great Commission can be carried out only as we wisely plan for this mission.

After all, education is simply an effort to fill the experiences of life with meaning. Religion is the part of the process that harmonizes the feelings. It thus steadies conduct and makes possible rightly directed effort. It is at its highest and best in the principles expressed and lived when Jesus was among men. It can only come to fruition in the life of the individual when these principles become habit. Thus is emphasized the importance of early effort and right direction.

Your Board recognizes that there is a constantly changing mental outlook on the part of the masses of our people. This is necessarily so

in the newly awakened interest in education. The Church must follow this awakening with the steadying processes of religion. The state's effort to educate the masses only increases the importance of our task. The state can not save itself. The church is its only hope. The Sunday school must follow the Public school and conserve for righteousness the newly awakened mind powers, or else education itself proves our greatest danger.

In all departments of our Sunday School endeavor the ideal toward which our staff has worked has been "the abundant life for childhood." The reports show that an increasing number of persons have caught this vision. The response to our effort has been most encouraging. This year fifty eight schools have requested the material for Childhood and Youth Week. Thirty-four of this number report its observance. This is a demand for vacation schools, Leadership Schools, indeed for all programs of work undertaken by our Central office staff.

What has been accomplished during the year can not be reduced to statistics. Only certain items can be enumerated. The showing we make is merely outward evidence of inner responses that can never be evaluated. During the year, we have checked, out of a possible 380 Schools, 225. On a quota for Sunday School Day, \$7,500.00; we have raised \$6,014.00. We have raised for the Carolina China Mission \$4,154.79. We have fallen slightly below our quota for training credits. 3,000 was the quota, 2,970 the awards.

Two of the staff of workers with whom we began the year's work resigned. Miss Carrie Lander to teach religion in Lander College. Miss Freddie Henry goes to the Gen. Board as Elementary worker. In the place of Miss Henry, Miss Martha DuBerry has been employed as Elementary Supt.

We respectfully request the Bishop to appoint Rev. L. D. Gillespie Con. Supt. Sunday Schools for the coming year.

F. E. DIBBLE, Chairman.

JNO. PAUL PATTON, Secretary.

REPORT ALICE KAY HOME

The response to the Christmas offering for this cause this past year amounted to \$408.95. This leaves a balance of \$228.77 plus \$12.00 interest that will accrue by Jan. 1, 1930, making a total of \$240.77.

The Board of Trustees is anxious to see this property free from debt. We therefore recommend that the customary Christmas offering be taken this year to liquidate this debt and that any surplus be donated to the superannuate endowment work.

B. W. CROUCH, Chairman.

J. P. PATTON, Secretary.

REPORT OF TEMPERANCE AND SOCIAL SERVICE

Whereas there is a spirit of lawlessness in our country, and a spirit of restlessness especially among the people of the industrial section of our state; and whereas the church is under solemn obligation to look after the social and temperal welfare of its members:

Therefore, be it resolved first that, we urge upon our members and all other citizens to obey the laws of our country.

Be it resolved, second, that we reaffirm the social creed of our church: "Whereas the Church of God is divinely appointed to interpret Jesus Christ and his gospel to each successive generation and to labor to the end that all things be brought into subjection to him; and whereas the problems of industrial readjustment and social redemption that are forced upon this generation constitute a call to the Church to assert the Lordship of Jesus Christ in the social, as well as in the individual life and to interpret the gospel of this age in social as well as in individual terms; therefore we stand with our brethren represented in the Federal Council of the Churches of Christ in America.

"1. For equal rights and complete justice for all men in all stations of life.

"2 For the protection of the family, by the single standard of purity, proper regulation of marriage, and proper housing.

"3. For the fullest possible development for every child, especially by the provision of proper education and recreation.

"4. For the abolition of child labor.

"5. For such regulation of the conditions of toil for women as shall safeguard the physical and moral health of the community.

"6. For the abatement and prevention of poverty.

"7. For the protection of the individual and of society from the social, economic, and moral waste of the liquor traffic.

"8. For the conservation of health.

"9. For the protection of the worker from dangerous machinery.

"10. For the right of all men to the opportunity for self-maintenance, for safeguarding this right from encroachments of every kind, and for the protection of workers from the hardships of enforced unemployment.

"11. For suitable provision for the old age of the workers and for those incapacitated by injury.

"12. For the right of employees and employers alike to organize; and for adequate means of conciliation and arbitration in industrial disputes.

"13. For a release from employment one day in seven.

"14. For the gradual and reasonable reduction of hours of labor to the lowest practicable point and for that degree of leisure for all which is a condition of the highest human life.

"15. For a living wage as a minimum in every industry and for the highest wage that each industry can afford.

"16. For a new emphasis upon the application of Christian principles

to the acquisition and use of property, and for the most equitable division of the product of industry that can ultimately be devised."

Envelopes were distributed for the payment of dues. The Chair appointed H. L. Kingman, E. E. Glenn, T. C. Cannon, J. W. McElrath, Jas. D. Kilgore, and M. W. Lever a committee to canvass the members of the Conference not contributing tonight.

The Chair reported that he had previously instructed the Treasurer to pay the sum of \$25 to the Curator for additional cataloguing. On motion the Society approved this action.

The report of the treasurer was made, as published below.

J. C. Roper spoke with reference to a matter which has been before the Society for several years, namely, the need of a fire-proof vault to safeguard the collection of the Society. The Secretary read a letter from the Curator dealing with the same matter. The Curator stated also that another cabinet for the collection would shortly be needed.

On motion of A. E. Holler the Chair requested the committee appointed to collect additional dues to collect also the unpaid pledges to the vault fund and, if possible, to secure additional new subscriptions to bring the total to \$200.00.

Gifts were called for and the following presentations were made:

Dr. J. W. Kilgo presented a copy of the Program of Exercises of the Seventy-fifty Anniversary of the Founding of Wofford College, also a copy of the Bulletin of Wofford College for November, 1929.

A bound volume of the Methodist Magazine for 1824 was presented by A. N. Brunson for Rev. J. R. Aiken, a retired Baptist minister of Greenville, S. C.

R. E. Sharpe presented for Mrs. Mary Aiken a wooden candle stick that had been in use in Monticello church.

The Chair appointed B. R. Turnipseed, W. A. Fairy, and J. R. T. Major a committee to nominate officers for the ensuing quadrennium. The committee retired to deliberate.

The Chair urged the members of the Society to be on the alert to discover material suitable for gifts to the Society.

The report of the nominating committee was made and adopted and the following officers were elected: President, J. W. Kilgo; Vice-President, L. P. McGee; Secretary and Treasurer, H. E. Bullington.

The Chair announced that the speaker for next year would be announced later.

There being no further business the meeting of the Society was adjourned with the benediction.

The Committee nominated W. A. Fairy to deliver the Historical address in 1930.

MEMOIRS

WILLIAM HENRY MURRAY

William Henry Murray was born at St. George, Dorchester County, July 12, 1873, the son of Joshua Soule Murray and Mrs. Rachel Alice Murray.

His first schooling was in his native county; after which he entered Carlisle Fitting School, in Bamberg, where, in due time, he completed his preparation for the college education to which he looked forward. As a youth, he had felt the call to preach, and his education was planned with the end in view of equipping himself thoroughly for the Christian ministry.

However, in his early manhood, the death of both his parents interrupted his life plans, especially his plans for education. There was a large family of brothers and sisters, and he promised his parents that he would take care of these. How carefully and, with what self-sacrifice, he fulfilled this commission, and watched over them and educated them, these other children bear loving testimony today. He was the head of the family, interested in the welfare of each one, until his death.

His education was thus interrupted, and his entrance into the Conference postponed; but the school of life taught him thus early to bear responsibilities, and to bear them worthily, living for others rather than himself.

His ministerial course was, in brief, as follows:

Brother Murray was licensed to preach while a student at Carlisle School, received on trial into the South Carolina Conference at the session held in Columbia in 1901; ordained deacon by Bishop C. B. Galloway in 1901, and elder by Bishop W. A. Chandler, at Spartanburg, in 1906.

The following were his pastorates:

Walterboro Circuit, 1901-1903.

Ridgeland Circuit, 1904-1906.

St. George Circuit, 1907.

West End, Georgetown, 1908-1911.

Greeleyville Circuit, 1912.

Abbeville Circuit, 1913-1914.

Kinards Circuit, 1915-1918.

Greenwood Circuit, 1919-1920.

Greenwood Mills, 1921-1923.

Bethel, Anderson, 1924-1925.

Simpsonville, 1926-1927.

While pastor at West End, Georgetown, he put all his strength into the building of a new church, which opened a new day to that charge. However, overwork on this task, during the debilitating summer weather, brought to the preacher a break down, the results of which were with him to the end of life.

During his second year at Simpsonville, his health again gave way, and an incurable malady made him face the end. He took the superannuate relation at the Conference of 1927.

His last days were spent in Abbeville, where he had purchased a home; and where, after much suffering, he died January 16th of this year.

On December 17, 1913, Brother Murray was married to Miss Emma Penney, of the Sharon community near Abbeville. In each parsonage home, that was theirs, whatever the limitations, they were happy together and it was a very devoted wife that watched over his last days of weakness.

This, in brief outline, is the story of his life: and yet it is only an outline. Through it all, and especially through the 26 years of his itinerant ministry, we see the modest, unassuming Christian gentleman faithfully carrying the kingdom of Heaven among the joys and sorrows and sins of men.

Brother Murray was one of our best pastors. Quietly he spent his days among his people, going into their homes and watching over their lives; and they learned to know and to trust him. His strong common sense was ever with him and made him an effective counsellor of his fellows. Each charge to which he was sent soon felt that his judgment was sound, and responded to his leadership.

His strength was in the personal touch. This writer worked with him in a number of revival meetings, and always felt that the good was done, not so much by the preaching, as by the quiet conversations Brother Murray had with men as he searched them out in the name of Christ.

Brother Murray was not willing to be less a man because he was a minister. He had an unusually fine innate honesty. His salaries were always small and his financial obligations heavy, but he determined always to live within his means; and he did, although often-times it meant self-denial. He had no patience with others, especially preachers, who did not.

"Good and faithful servant"—that is the way the Master characterized the man whose life won his "well done." And that is what this preacher was—"good and faithful." He was faithful to his loved ones and to the every day responsibilities of life, faithful to his friends, and supremely, faithful to his church and to his Lord. He had deliberately given himself to his church, and to her he gladly devoted the strength of his life. A few days before the end, in the midst of his suffering, he said to his wife, talking of his days as a Methodist preacher:—"It hasn't been such a hard life, has it?" And then:—"I'd be willing to go on."

"Stricken in his prime," we say of him. And yet that old Scotch divine was right who said:—"He lives long who lives well." This man of God lived well, and he went to meet his Master unafraid.

"Well done, good and faithful servant, . . . enter into the joy of thy Lord."

F. E. DIBBLE.

MATTHEW MOYE BRABHAM (1848-1929)

Matthew Moyer Brabham, son of Robert Cornelius and Mary McMillan Brabham, was born October 15, 1848, at Buford's Bridge, Barnwell county, S. C. He was converted and joined the church at Mizpah, Bamberg circuit, in October 1871. He was licensed to exhort in 1873 and to preach in 1874. He joined the South Carolina Conference at Union in December 1881, Bishop Pierce presiding. He served the following appointments: Allendale, 1881-84; Black Swamp, 1885; Newberry circuit, 1886-89; Ninety-Six, 1890-93; Edgefield, 1894-96. At the end of this year he took the superannuate relation and continued this relation for five years. He served Ninety-Six charge a second time, 1901-04; Leesville, 1905-08; Lancaster, 1909-12; Denmark, 1913. At the end of his first year at Denmark he was superannuated at the Rock Hill Conference.

He was married three times. His first wife was Sallie Simmons, of Bamberg. To this union were born six children: Maude, Maggie, Fannie, Edward (dead), Paul and Holland McTyeire (died in childhood). In 1888 he married Fannie Cannon of Newberry. Their children are Malcolm, James, Joseph, Mary and Sarah. On July 1, 1908 he married Mamie Mitchell of Ridge Spring. She still lives.

It was always a joy for him to preach, and he had a message for sinners—a message of love, hope, power, and salvation, for his message was born of experience. He had the key to the greatest of all kingdoms, the Kingdom of God—humility. He made no effort at display. There was freshness and fascination about his speech whether in public or in private, because he was ever earnest and sincere. His prayers were remarkable. No one can pray like he did without long practice of the presence of God. At times one could feel the power radiating from his personality. He had the gift of the Holy Spirit. Some one remarked that she felt safer living in Ninety-Six because Brother Brabham was there. In the intensity of his enthusiasm when making an appeal I have thought of Moses as he came down from the high hills of God, his personality radiating spiritual light and warmth. The glory of God seemed to break through the walls of flesh. It was his custom to never visit a home without having prayer with the family. He studied the Bible daily and believed its truths with all his heart. With a sublime courage he was ready to defend it against all traducers. If there was an enemy in the way, the enemy did the going around, not he. I've thought that he borrowed this courage from Pilot's lion-hearted Prisoner. He had marvelous faith. Long before his death he said to his youngest son, Joseph, "When I am placed in my casket I want you to take this little Bible, open it at Isa. 54:13, and lay my hand upon it. I want to meet God with my finger on that promise. I am sure He will fulfill it." The verse reads: "And all thy children shall be taught of the Lord; and great shall be the peace of thy children." His wish was granted.

He passed from earth to heaven at 8 o'clock Thursday morning, November 14, 1929. He was buried in the Ninety-Six cemetery, after

funeral services conducted by Rev. O. A. Jeffcoat, assisted by Rev. P. F. Kilgo, Rev. J. R. T. Major, Rev. W. B. Garrett and Rev. J. G. Wilson, of the Baptist Church. No man was ever loved more than M. M. Brabham was loved by the people of Ninety-Six. O. A. JEFFCOAT.
